I recently purchased a home from Jay Scolnick with Premier Community Homes. I had been looking for a home on a little bit of land. I started this process two years ago with a competitor of his. From the beginning (with the competitor) they made it very clear that they didn't want to deal with a woman, especially one that had a construction background. Every time I met with them, they would ask me where my dad was. I had nothing but bad service and inaccurate numbers from them. After dealing with them for about four months, I knew that I needed to find another builder.

I started driving the area that I was looking in and came across Jay's sign and called! He had an empty lot that a house was not on yet. Right away, Jay was informative, respectful, and very helpful! I knew that he would be a person that I could deal with when purchasing the biggest investment in my life. Within two weeks, we sat down together and went over a contract which I signed! He met with me a few times to go over options in the home, and gave suggestions as needed. He also gave me a recommendation for a lender which was great! I knew that it would take a few months for our home to be complete. We drove out to the lot once in a while to see the progress as it happened! Anytime I called Jay with questions, he was always very responsive!

We closed on our home the end of August of this year! I couldn't be happier with it! The quality of the home is incredible! It is always a little scary purchasing a home and only seeing it on paper. When I saw the house for the first time, it was beyond my expectations. All the options that I had picked out with Jay turned out beautiful! Everything was just as Jay had promised it would be. The price of the home never changed and I got everything that I wanted for a fair price! Dealing with Jay and the lender that he recommended made the process so easy and stress free. I was always in the loop of what was going on. Jay and the lender were in communication so that everything went smoothly.

Thank you, Jay, for my beautiful home!

Sincerely,

Stacey Neal
